

Each staff at SembCorp Industries plays a pivotal role in contributing to the Group's success. In recognition of this, we invest heavily in the recruitment, retention, training and advancement of our people, to help them develop to their fullest potential. We aim to provide a rewarding work environment where our staff are motivated to value add to the Group with innovation and entrepreneurship. Consistent with our efforts to be a responsible organisation, we contribute to the society at large by being an active participant in the enhancement of our community's well-being and by safeguarding the environment.
