

Supporting a Renewables Future

Over **3,200MW** in gross renewable energy capacity in operation and under development

WIND

Highest wind capacity under in-house operations & maintenance in India

Utility-scale

CHINA

INDIA

2,419_{MW}

SOLAR

Constructing one of the world's largest single floating solar systems in Singapore

Utility-scale • Floating • Rooftop

INDIA

SINGAPORE

VIETNAM

679_{MW}

ENERGY STORAGE

Developing one of Europe's largest battery storage portfolios in the UK

UK

120_{MW}

Capacity figures are as at December 31, 2020

Our Renewable Energy Journey

2019

VIETNAM

Entered the solar energy market in Vietnam

2019

UK

The first 60MW of our 120MW battery energy storage portfolio commences operations in the UK

2016

SINGAPORE

Entered the solar energy market in Singapore

2015

INDIA

Acquired a majority stake in a leading renewable energy company in India

2012

CHINA

Entered China's renewable energy market by acquiring a stake in wind power assets in Hebei and Inner Mongolia
